SHQ 3D.

3D DESIGN & 3D PRINTING SOLUTIONS

PROJECT PORTFOLIO

"Designing Solutions for Your Vision."

ABOUT US

SERVICE OFFER.

SHQ 3D.

3D DESIGN

- We provide **3D Design by Request**, specializing in **Technical Design and Product Design** for your projects.
- Experienced in **Mechatronics Design**, where we provide a requested **Detailed Blueprint or Technical Drawing**, including component placement and selection.
- All designs are **Supported for CAD Softwares**.
- We now also deliver **Smart Systems**, including **Mechanical, Electronics, and Code**.

3D PRINTING

- We provide **FDM 3D Printing** supported for **PLA, PETG, and TPU Materials**.
- Your submitted designs can be **Consulted First or Adjusted by Us**, so your designs fit well with the printing tolerance.
- **Guaranteed to Print Immediately** after the designs are submitted.
- We open to **Requests for Printing Settings**.

TRACK RECORD

- **Delivering Solutions Across Various Projects**, including lab research, campus projects, company requests, and competition clients.
- **Experienced with Over 3+ Years Since 2023**, handling tight deadlines and complex specification requests.
- **Multiple Nationwide Recognitions** from national competitions to high-stakes projects.

SELECTED PROJECTS

ABU ROBOCON 2024 ROBOT.

SHQ 3D.

DESCRIPTION

An Automatic Ball Sorting Robot, capable of picking and storing selected colored balls into silos.

TOOLS & SKILLS

- 3D CAD
- 3D Printing
- Mechanism Design
- Grinding
- Drilling
- Hand Tools

ROLE

Mechanics (3D Design, Component Selection, Assembly)

KRI 2024 UNIVERSITAS MUHAMMADIYAH SURAKARTA

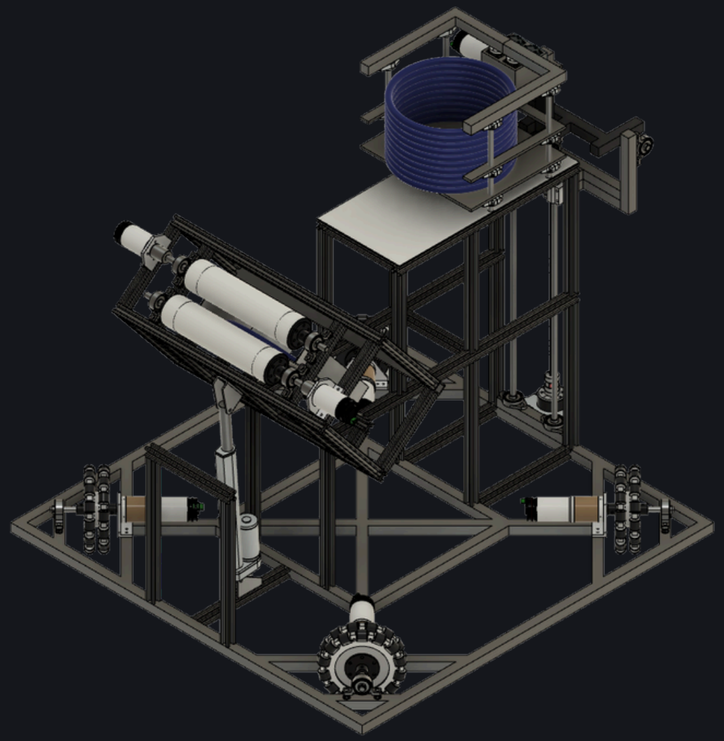

Contacts:

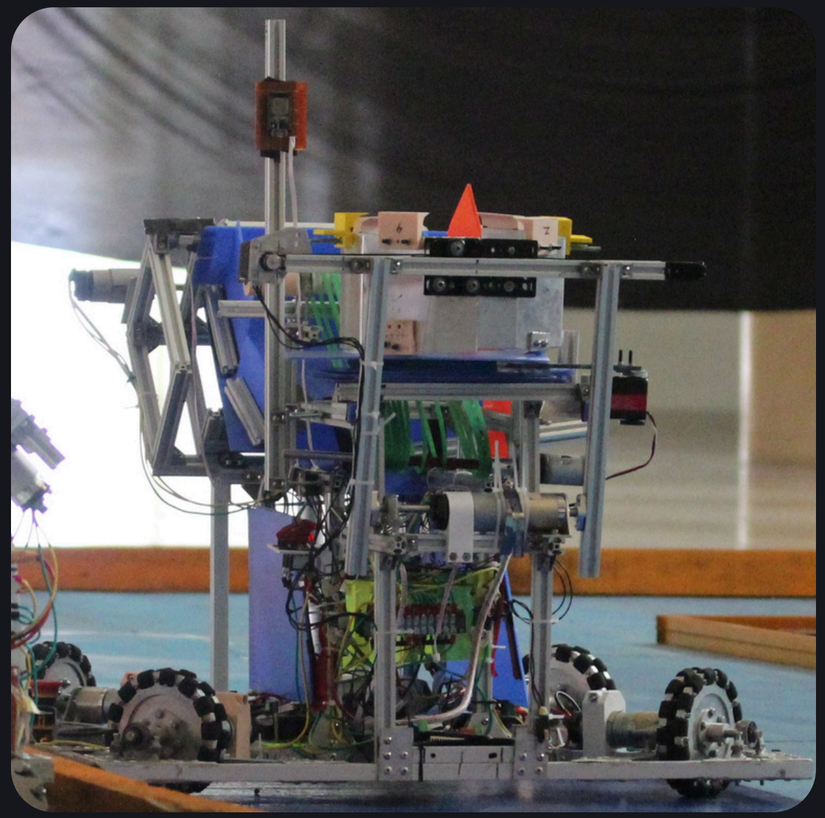

See More:

SELECTED PROJECTS

ABU ROBOCON 2023 ROBOT.

SHQ 3D.

DESCRIPTION

A Man-Operated Ring Throwing Robot, capable of picking and throwing rings into poles.

TOOLS & SKILLS

- 3D CAD
- 3D Printing
- Mechanism Design
- Grinding
- Drilling
- Hand Tools

ROLE

Mechanics (3D Design, Component Selection, Assembly)

Contacts:

See More:

SELECTED PROJECTS

SKYWARD PROJECT - ENTRANCE GATE.

SHQ 3D.

DESCRIPTION

An Entrance Gate Concept and Mounted Display, customized for ZKTeco Gate with a 3D printed display casing.

TOOLS & SKILLS

- 3D CAD
- 3D Printing
- Product Design
- Product Finishing
- Grinding
- Drilling
- Hand Tools

ROLE

3D Design Specialist - Mechatronics Engineer

Contacts:

See More:

SELECTED PROJECTS

SKYWARD PROJECT - KID'S GAME.

SHQ 3D.

DESCRIPTION

The Busy Table at Zeppelin, designed for kids' games from acrylics and 3D printed materials.

TOOLS & SKILLS

- 3D CAD
- 3D Printing
- Mechanism Design
- Product Design
- Product Finishing
- Hand Tools

ROLE

3D Design Specialist - Mechatronics Engineer

Contacts:

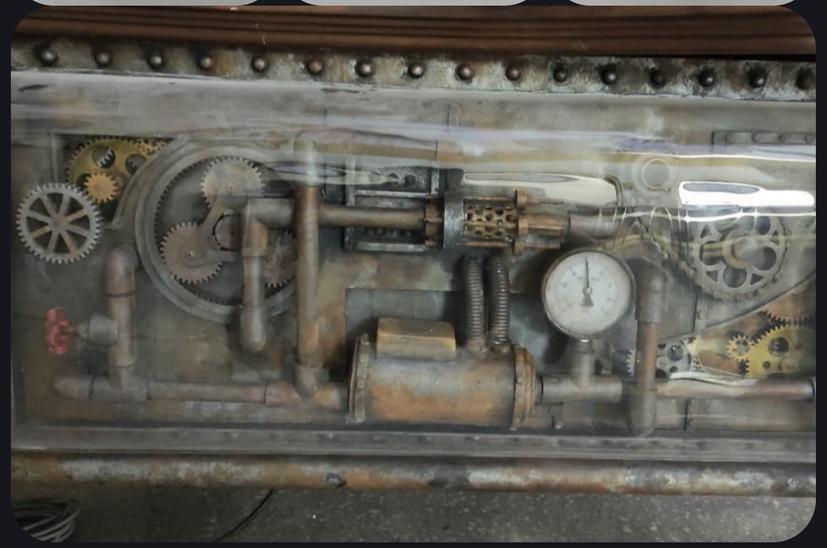

See More:

SELECTED PROJECTS

SKYWARD PROJECT - CARD DISPENSER.

SHQ 3D.

DESCRIPTION

A Card Dispensing Machine, including gear sets as the machine's interactive display.

TOOLS & SKILLS

- 3D CAD
- 3D Printing
- Mechanism Design
- Product Design
- Product Finishing

ROLE

3D Design Specialist - Mechatronics Engineer

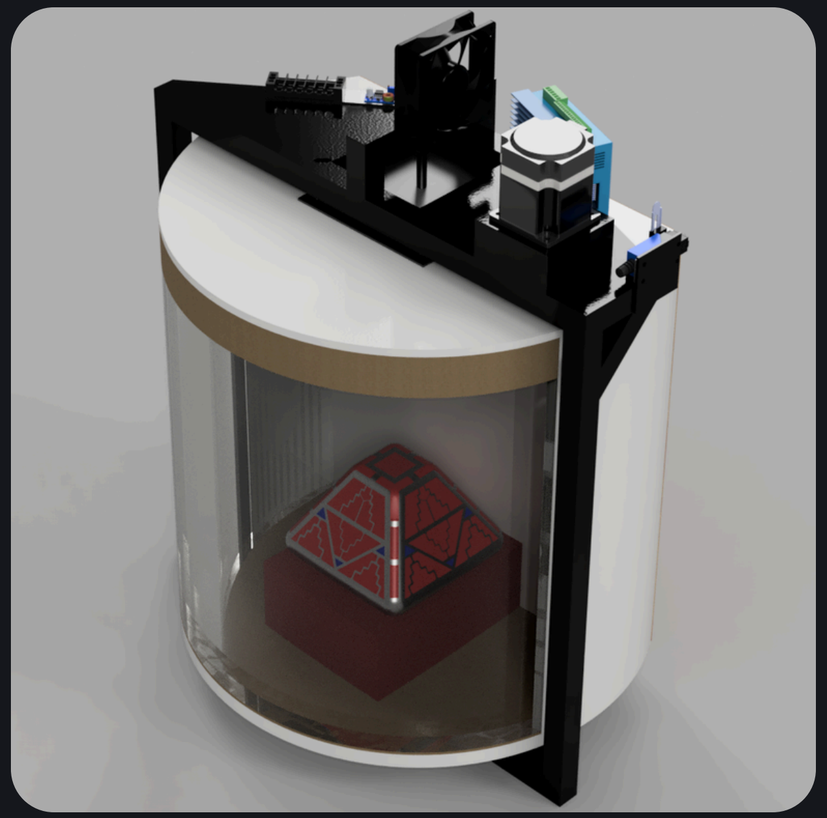

Contacts:

See More:

SELECTED PROJECTS

MECHATRONICS ARTIFACT DISPLAY.

SHQ 3D.

DESCRIPTION

An Automatic Artifact Display, using six synchronized stepper motors for a Museum Nasional event.

TOOLS & SKILLS

- 3D CAD
- Mechanism Design
- Microcontroller
- C++ Programming

ROLE

Mechatronics Engineer (3D Design & Programming)

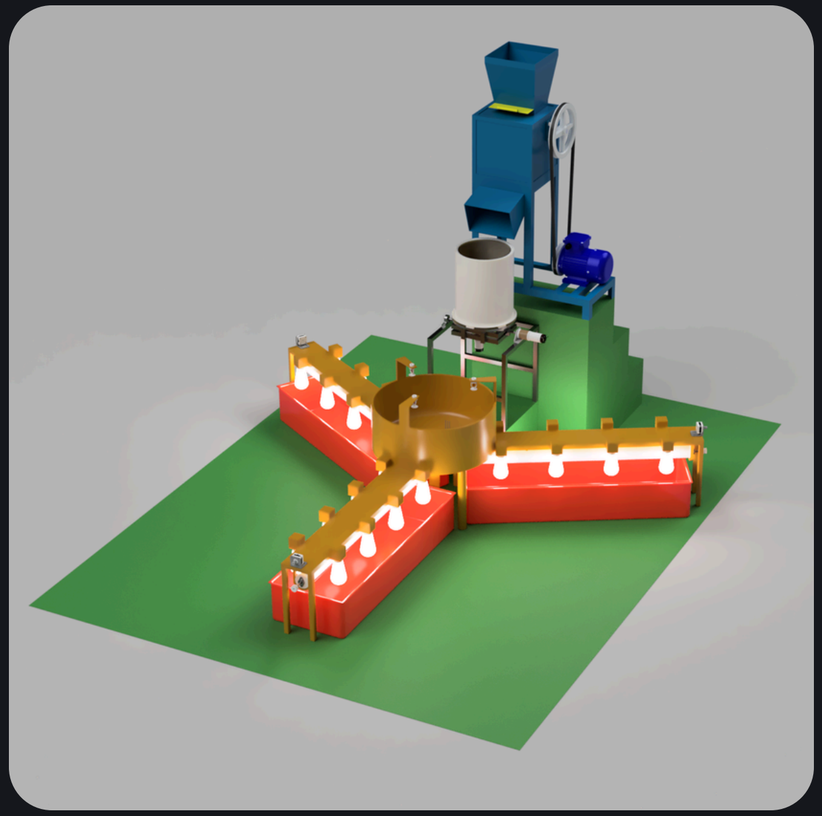

Contacts:

See More:

SELECTED PROJECTS

MAGGOT FEEDER.

SHQ 3D.

DESCRIPTION

Maggofeed: A Maggot Feeder for an organic waste processing system.

TOOLS & SKILLS

- 3D CAD
- Mechanism Design
- Product Design
- Detailed Blueprints

ROLE

Mechatronics Engineer (3D Design Concept)

INNOVILLAGE

Contacts:

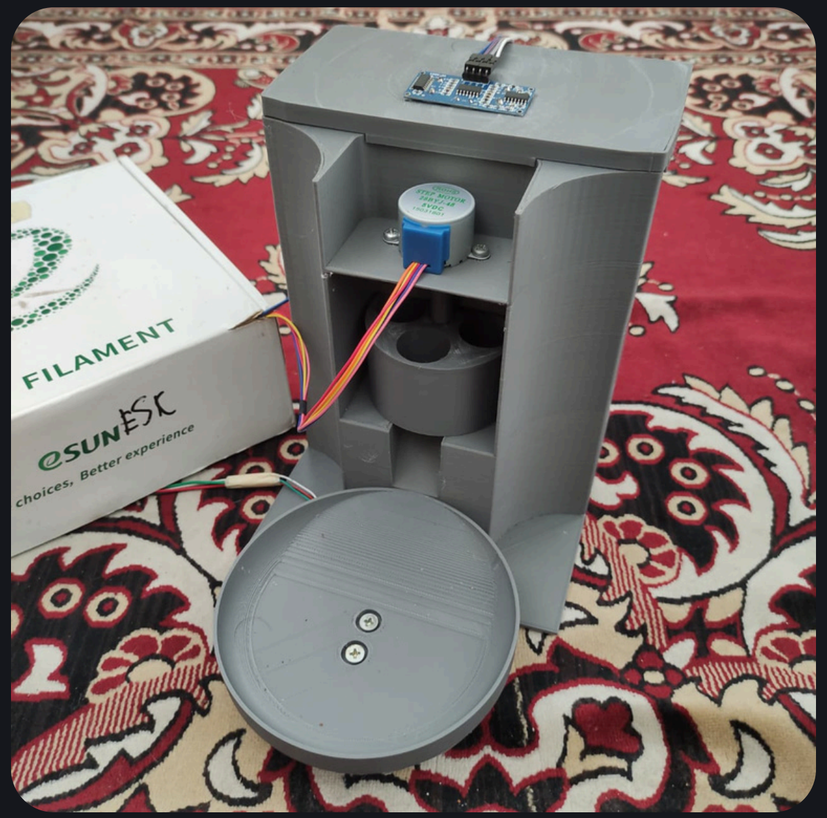

See More:

SELECTED PROJECTS

AUTOMATIC CAT FEEDER PROTOTYPE.

SHQ 3D.

DESCRIPTION

An Automatic Cat Feeder, using sensors, a motor, and an ESP32 connected to Kodular and Antares for an IoT project.

TOOLS & SKILLS

- 3D CAD
- 3D Printing
- Mechanism Design
- Product Design

ROLE

3D Printing Engineer (3D Design, 3D Printing, Assembly)

Telkom University

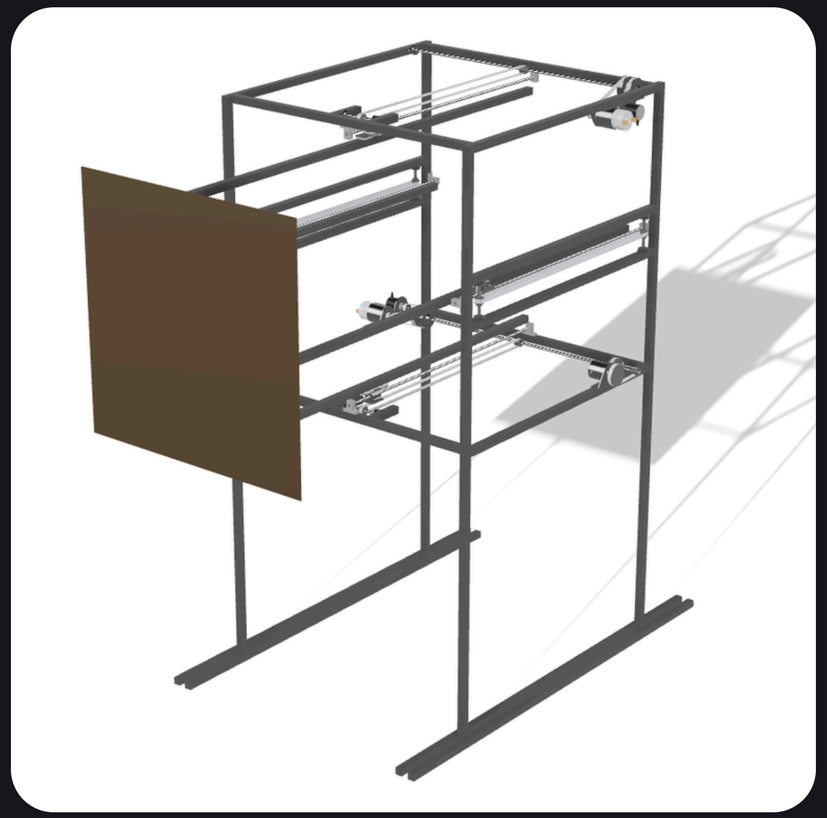

Contacts:

See More:

SELECTED PROJECTS

RADAR SLIDER FOR RESEARCH.

SHQ 3D.

DESCRIPTION

An Automatic Mechatronics Slider, a radar/reflector device supporting state-of-the-art radar research.

TOOLS & SKILLS

- 3D CAD
- Mechanism Design
- Grinding
- Drilling
- Hand Tools

ROLE

Mechatronics Engineer (3D Design & Assembly)

Telkom University

Contacts:

PROJECT SHOWCASE

SELECTED PROJECTS.

SHQ 3D.

1. ABU ROBOCON ROBOTS.

- Fully Self-Designed and Built Robots
- Competed at the National Stage of Indonesian Robocon (KRI)
- Full Game Points in Regional Qualification
- 4th Place Finish in the 2024 National Stage

Link: abu-robocon-2024
abu-robocon-2023

2. SKYWARD PROJECT.

- 3D Design Specialist at Arthatronic Studio
- Designed and Manufactured for 3D Printing and Acrylics
- Executed Client-Specified Requests
- Contributed to Project Phases 1 & 2

Link: skyward-project

3. MECHATRONICS DISPLAY.

- Full Component Selection and Integration
- Designed with Blueprints for Manufacturing
- Programmed and Synchronized Six Motors Seamlessly
- Featured at Munas Repopening Event

Link: mechatronics-artifact-display

4. MAGGOT FEEDER.

- Client Project for Innovillage Team
- Full Component Selection for Blueprints
- Developed Design Concept with Blueprints for Manufacturing
- Recognized by Telkom University

Link: maggot-feeder

5. AUTOMATIC CAT FEEDER.

- Fully Self-Designed and Built Mechanism
- Incorporated Sensors, Actuators, and Microcontroller Integration
- Optimized Design for 3D Printing
- Achieved A Grade in IoT Class

Link: automatic-cat-feeder

6. RADAR SLIDER.

- Supported State-of-The-Art Radar Research
- Fully Self-Designed and Built Mechanism
- Incorporated Sensors, Actuators, and Microcontroller Integration
- Adaptive Design for Radar Size Adjustment

Link: radar-slider

PROJECT SHOWCASE

OTHER PROJECTS.

SHQ 3D.

Link: other-projects

SMART WATCH

An arrhythmia detection watch.

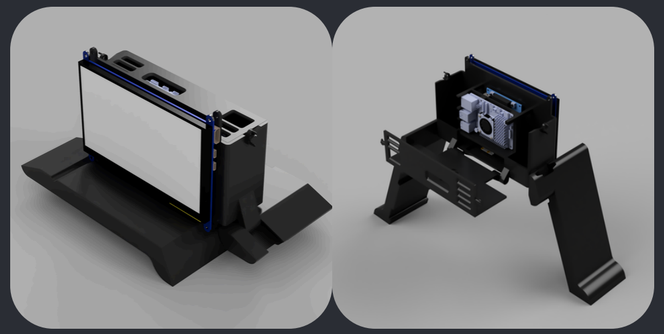

PANEL BOX

Custom electronic panel boxes with displays.

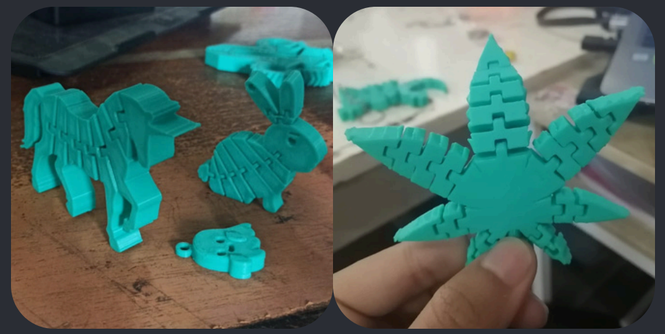

GRIM REAPER

A 3D printed grim reaper figurine.

PORTABLE CAMERA DEVICE

A vena detection device using raspi camera.

FLEXIBLE KEYCHAINS

Various 3D printed flexible keychains.

LINE FOLLOWER ROBOT

An educational modular robot concept.

Contacts:

See More:

PRICING DETAILS

3D PRINTING.

SHQ 3D.

PRICE LIST

- **Rp900/gram** → PLA/PETG Standard Quality (0.20mm).
- **Rp1.200/gram** → PLA/PETG Detailed Quality (0.12mm or 0.16mm).
- **Rp1.200/gram** → TPU Standard Quality (0.20mm).
- **Rp1.500/gram** → TPU Detailed Quality (0.12mm or 0.16mm).

OTHER FEES

- Down Payment (DP) → Flexible, Set by Agreement.
- Tight Deadline → +50% Fee, Especially if There is a Queue.

NOTES

- Printing Starts Immediately after Down Payment (if any).
- Printed Design is sent after Full Payment (Incl. Delivery Fee, if any).

SERVICE DETAIL

- Materials → PLA, PETG, or TPU (Flexible).
- Max Printing Size → 256 x 256 x 256 mm.
- File Format Sent to Us → STL/OBJ/3MF.

DISCOUNT & BUNDLING

- Total Price Discount 10% for Design + Printing Bundling.

DELIVERY FEE

- Free in Java → Delivered in Person if Nearby, or by Expedition.
- Outside Java → Discussed Together.
- Our Location → Bandung, West Java (Near Telkom University).

“Designing Solutions for Your Vision.”

PRICING DETAILS

3D DESIGN.

SHQ 3D.

PRICE LIST

- Starting Price → **Rp100k** (Final Fees are Negotiable).
- 3D Print-Ready (STL) → **Lower Price**.
- Blueprint (PDF) → **Middle Price**.
- CAD File (STEP) → **Higher Price**.

OTHER FEES

- Down Payment (DP) → Flexible, Set by Agreement.
- Tight Deadline → +50% Fee, Especially if There is a Queue.

NOTES

- Design Process Starts Immediately after Down Payment (if any).
- Finished Design is sent after Full Payment.

SERVICE DETAIL

- Provide Us with Your Idea → Consultations are Free.
- Revisions → Only Minor Adjustments (Major Changes Charged).
- Also Available → Acrylic Design + Cutting.

FILE DETAILS

- STL → Ready to Slice and Print.
- PDF → Technical Drawing with Components.
- STEP → Opens in Any CAD Software, on Request.

DISCOUNT & BUNDLING

- Total Price Discount 10% for Design + Printing Bundling.

“Designing Solutions for Your Vision.”

PRICING DETAILS

SMART SYSTEMS.

SHQ 3D.

PRICE LIST

- **Custom** → Priced per Project (Negotiable).

OTHER FEES

- Down Payment (DP) → Negotiable, but Required.
- Larger Projects → Fee Can Be Paid in Phases.

NOTES

- Process Starts Immediately after Down Payment.
- Your System is Sent after Full Payment (Incl. Delivery Fee, if any).

SERVICE DETAIL

- Provide Us with Your Idea → Consultations are Free.
- Fees and Deliverables → Adjusted to Concept (and Budget, if Any).
- Scope → Mechanical, Electronics, and Code.
- Components → We May Provide Them, or Use Yours.

DELIVERY FEE

- Free in Java → Delivered in Person if Nearby, or by Expedition.
- Outside Java → Discussed Together.
- Our Location → Bandung, West Java (Near Telkom University).
